PREMISE

For college students and recent graduates, entering the workforce can be a challenging and often overwhelming experience. Without prior exposure to corporate culture and business customs, many students are ill-equipped to navigate the complexities of the professional world. Mykah Montgomery's business etiquette courses provide a crucial foundation for students looking to succeed in the business world. By providing insights into the subtleties of communication, professional relationships, and company culture, Mykah helps students to project confidence and navigate corporate environments with ease.

**“IT’S NOT JUST WHAT YOU
KNOW, BUT HOW YOU PRESENT
YOURSELF THAT CAN MAKE ALL
THE DIFFERENCE.”**

SERVICES

Mykah's courses level the playing field, providing students with the knowledge and skills necessary to excel in the workforce, regardless of their background. With a focus on communication skills, networking, and navigating professional relationships, Mykah's courses are an invaluable resource for college students and recent graduates looking to achieve success in their professional lives.

BENEFITS

Whether you choose group or one-on-one sessions, Mykah's approach is always supportive, motivational, and sensitive to differences in backgrounds. The benefits of understanding business etiquette cannot be overstated, especially for young workers who may not have been exposed to corporate culture and business customs. Effective training can help them navigate companies, succeed in job interviews, and ultimately provide a transformative experience that leads to greater success and prosperity.
